World's No. 1
Manufacturer of Fendercovers

Fendercovers Worldwide Ltd are the **World's No. 1** manufacturer of Fendercovers with an outstanding reputation with Boat Builders, Super Yacht and Leisure markets. Today our 'Fendequip' brand is the leading name in OEM and Aftersales accessory across the world.

Our 'in-house' experience and expertise is unmatched by any other Fendercover manufacturer and is undoubtedly the main reason why we are constantly expanding and improving our manufacturing capacity to meet the demand.

We have proven expertise to be able to offer not only standard size Fendercovers but also a bespoke service, with the ability to manufacturer a large number of bespoke Fendercovers to order.

From raw yarns the company manufactures loop-knit fabric on its own specially designed knitting machines using the highest quality premium yarns available. When Premium Yarns, are used to manufacture Fendercovers it gives a richer deeper colour. The yarn is fuller, therefore making the finished product thicker, softer, more flexible and more likely to return to shape and not go baggy.

The finished fabric is stain resistant, non-abrasive, loop-knit acrylic. All Fendequip products are made from this fabric and are extremely durable and have a high resistance to UV.

Fendequip products are tested to ISO 105 B02, greater than Grade 7*. When tested for light fastness Fendequip will last 8 times longer in direct sunlight before showing signs of fading compared to similar products made from standard yarns. We believe that we are the only manufacturer to use these premium quality yarns.

* Navy Blue and Black

Fendequip Standard Fendercovers

Each Fendercover is individually hand finished from our own loop knit fabric and are available in a variety of colours to suit all makes, shapes and sizes including infaltables.

All Fendercovers are retail packaged which enable your stockists to hang the products from a prominent display; the bag incorporates a clip-close carrying handle that will allow the bags to be resealed easily.

The packaging includes a size chart including a size chart including the whole Polyform series, Majoni, Anchor Marine, Dan Fender, Castro and Avon Inflatable Fenders which will increase sales.

Fendequip Super Yacht Fendercovers

We specialise in manufacturing Fendercovers for the Super Yacht market.

All Fendercovers are manufactured from our own loop knit fabric, in double ply. Whether the fender is 1 metre or 7 metres we have the facility and capability to produce a Fendercover for any size fender.

Fendequip Safety Rail and Guard Rail Covers:

Manufactured from the same high quality soft loop fabric as our Fendercovers, the Safety Rail and Guard Rail cover products have a core of closed-cell foam which makes them non-absorbent, quick drying and stain resistant. Quick and easy to fit. Available in 1 meter lengths.

Fendequip Rope 'Anti Chafe' Covers

Specially designed to fit any size rope or line, Fendequip Rope Covers are made from the same soft loop fabric as our Fendercovers, they are very quick and easy to fit. Non-absorbent, quick drying and stain resistant. Available in 1 metre lengths.

Fendequip Standard Fendercovers available for all fenders including:

- Anchor Marine
- Avon
